WG-538 FREEZE FLEX PLUS

The Wonder Grip® WG-538 Freeze Flex Plus is a fully waterproof double-coated cold-resistant glove keeping your hands warm down to -20 °C. Using a specifically developed innovative nitrile coating, SZNT™ WG-538 Freeze Flex Plus remains flexible and comfortable to use in below-freezing conditions, while ensuring ultimate abrasion resistance.

KEY FEATURES

✔ Made of two layers of soft acrylic, the aerated liner keeps the heat released by the wearer inside the glove, eliminating heat loss due to the convection process.

✔ Proprietary nitrile coating developed to guarantee very good flexibility even in sub-zero temperatures

✔ Cold-resistant and liquid-repellent for working in challenging environments, offering a comfortable tactile sensation and improved grip

TYPE OF PROTECTION

- Liquids
- Industrial oils
- Cold resistance

APPLICATIONS

- Construction-and-public-works
- Public authorities
- Food industry
- Warehousing-packing-and-logistics
- Waste management
